Editorial

Message from President

The National Automobile Olympiad, in partnership with Scope Global Skills University, embodies our dedication to nurturing the next wave of automotive visionaries. These exceptional young talents are the future drivers of India's automotive industry, and their enthusiasm and perseverance are a true inspiration. At ASDC, we prioritize a rigorous approach, focusing on world-class capabilities, precision timing, and industry-aligned methodologies. By doing so, we empower our young minds with the skills, expertise, and opportunities required to excel in a dynamic and ever-evolving sector.

Mr. F R Singhvi, **President**

From The CEO's Desk

At ASDC, we are dedicated to fostering a future-ready workforce that aligns with India's vision of technological and economic leadership. Through industry-driven skilling initiatives, we empower individuals with the expertise to excel in emerging sectors, ensuring sustainable growth and innovation. Together, we are building a skilled India, ready to take on global challenges.

Mr. Arindam Lahiri, **CEO, ASDC**

MoU with Steinbeis University, Germany

ASDC took a significant step by signing an MoU with Steinbeis University, Germany, for a 1+1 Masters Program. This collaboration marked a key milestone in fostering global academic partnerships and advancing opportunities for aspiring automotive students & leaders.

MoU with Shabari Adivasi Vitta va Vikas Mahamandal

ASDC signed an agreement with Shabari Adivasi Vitta va Vikas Mahamandal to train tribal youth across Maharashtra in automotive skills under Short Term Training programs.

Job Opportunity at Volvo

Join Volvo as a Technician for Heavy Vehicle Repair and Maintenance in Germany and gain international exposure.

JOB ADVERTISEMENT

Position : Technicians for Heavy Vehicle Repair and Maintenance

Location : Germany

Company Overview:
 The ASDC Group is a medium-sized, multi-national engineering corporation headquartered in Düsseldorf, while, by far, its activity is in the production, distribution and maintenance of heavy-duty construction equipment. It has over 2000 employees and maintains other operations in Brazil, Canada, Mexico, the USA and the world's second largest manufacturing of heavy-duty trucks with its subsidiary Volvo Trucks. As part of our expansion plans, we are seeking additional heavy vehicle technicians to lead our team in the Düsseldorf area.

Job Profile:

As a Heavy Vehicle Technician, you will be responsible for the repair and maintenance of heavy vehicles, ensuring they are operating at optimum performance levels. Key responsibilities include diagnosing mechanical faults, conducting repairs, and performing regular maintenance tasks.

Certification Requirements:

- Canadian Level 2 Diesel, Heavy, & Maritime Certification of Heavy Vehicles
- State Certification in Germany (Technician state exam, or Level 10)
- Relevant experience in heavy-duty repair
- Diagnostic skills
- Independence
- Strong problem-solving skills
- Qualification: Valid professional job qualification

Selection Process:

1. Submission: resume D 2.5
2. Assessment: technical test and interview (Stage 1), behavioral/Team fit (Stage 2)
3. Assessment: technical interview test, technical test, work sample evaluation
4. Decision: shortlist candidates
5. Decision: final interview and offer, signing decision (within 2 weeks)
6. Candidates will be informed individually via email, internal or other user service

Onboarding and Related Training:

- Induction: delivered on site, via web-based learning (existing software, ongoing training, on-call work, user support)

Application Deadline: 18 December 2024

APPLY NOW

Pre-Employment Checks and Documentaries:

- Vetting: work permit, registration in Germany, basic interview
- Language Training
- Language training provided up to German level A2.
- Benefits:**

 - Employment Contract: valid contract within 72 hours via electronic signature (e-signature)
 - Workshifts: Standard 40 to 48 hours, shifts following work shift schedule
 - Paid annual leave: minimum 20 days in contract period
 - Minimum Compensation: 4 weeks (depending on work period)
 - Paid sick leave: minimum 20 days in one calendar year
 - Casual leave: 10 days per year in one calendar year
 - Childcare: Voucher for day care
 - Short Working: Salary starts at 85% of fixed payment at the start of the contract
 - A means of punctuality
 - Assured parking: Provided if the first car for commuting
 - Retirement: Pension plan
 - Registration: valid license required by the employer
