Diwali Campaign

Like every Diwali, ASDC illuminates new beginnings for women in the auto sector, empowering them with skills for a prosperous future. Through the Shakti Program, underprivileged women receive driving training, licenses, and the opportunity to thrive independently in the workforce. This initiative, backed by the Bihar Skill Development Mission, ensures that their journey toward self-reliance shines brightly.

As Diwali approaches, ASDC and Hero MotoCorp proudly celebrate a new wave of empowerment through Project SAKSHAM. This initiative equips 4000 women across India with specialized skills to become two-wheeler technicians, marking a transformative journey toward economic independence and professional growth. By fostering talent and igniting potential, we're helping these women bring prosperity and skill to their families and communities. Together, let's celebrate a brighter, skill-enriched future for all.
